Our Approach

We believe it's the people that make a loving home.

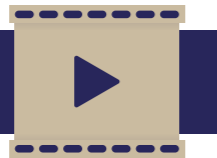

That's why our carers are so much more, they are Homemakers. Our award-winning Homemakers not only provide the highest quality of care, but they focus on the tiny details that make each day special for every resident.

From always keeping things clean and tidy, to offering support with hobbies and interests, our Homemakers ensure that Lovell Place is a luxury care home with a heart.

Our personalised approach to care means that we cater for all of our residents' unique needs, providing as little or as much support as they require.

"I cannot speak highly enough of the quality of care my mother received in the four weeks of respite she spent in Lovell Place. This was an emergency placement, following her premature discharge from hospital, and the response from every member of staff was nothing short of outstanding, from the comprehensive assessment by the medical staff of her care needs, which was organised on the very same day we contacted them, to the reception she received the next day from all the carers and managers when she was admitted. The proof of the effectiveness of my mum's care is that, within a matter of days, she moved from an anxious, confused, and disoriented patient to a happy, comfortable, and relaxed resident. I would recommend this care home without the slightest reservation." — SON OF A LOVELL PLACE RESIDENT

"I cannot thank everyone at Lovell Place Care Home enough, from our first meeting to arrange a viewing, to the flexibility and understanding of providing online assessments and the devoted care and attention the staff give to those in their care. The love and attention that they provide is reflected in the smiles of my aunt and her general health and well-being, which has definitely improved under their care due to the staff's attention to detail in looking after individual needs. I have been overwhelmed by how special the individual carers and nurses in this team are. They also care about the whole family and always greet me warmly as a member of their family. Thank you." – NEICE OF A LOVELL PLACE RESIDENT

Dining & Nutrition

Variety is the spice of life and our resident chef ensures that we serve a wide range of meals catering for every taste and diet. Our carefully planned menus offer well balanced wholesome meals, where traditional dishes feature alongside international cuisine and include varied seasonal options, every day of the week.

We know that being able to sit down together with friends and family to enjoy a nutritious homecooked meal is the foundation of a happy and vibrant home life. So that's why our team members are committed to making every mealtime an enjoyable experience for all our residents. Friends and family are welcome to join and dine with us for a small extra charge.

We regularly adapt our menus to suit food preferences and changing nutritional requirements. As part of our personalised care package we work together with our residents and/or their families, for nutritional profiling and meal planning to ensure they are always well-hydrated and well-nourished.

Wellbeing & Lifestyle

Happiness and harmony are at the heart of our home life and we have a designated Wellbeing Coach to ensure that we create a nurturing and stimulating environment for everyone, residents and staff alike.

We advocate activities that promote physical and mental wellbeing, but we don't believe in waiting for an Activities Coordinator to organise them. Our Homemakers support our residents to continue with their hobbies or pursue new leisure activities, when they want to and not as part of a set timetable.

"From the moment we were shown around the beautiful Lovell Place we knew it was the place for Mum. The facilities are excellent, staff so friendly and helpful. Mum has now moved in and loving the spa bath and salon. Her room is lovely and comfortable and bright. The food is great and she has enjoyed all her meals. Huge weight off our shoulders knowing she is being so well looked after." — DAUGHTER OF A LOVELL PLACE RESIDENT
