## Our Approach

We believe it's the people that make a loving home.

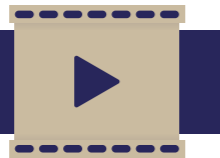

That's why our carers are so much more, they are Homemakers. Our award-winning Homemakers not only provide the highest quality of care, but they focus on the tiny details that make each day special for every resident.

From always keeping things clean and tidy, to offering support with hobbies and interests, our Homemakers ensure that Cofton Park Manor is a luxury care home with a heart.

Our personalised approach to care means that we cater for all of our residents' unique needs, providing as little or as much support as they require.

*"I think all the carers are marvellous, I have made lots of new friends to chat to. I like it when we have entertainers in as I like to dance and I also enjoy the activities that are available. The food is good and if there is something I don't like, they offer me something else instead. I am happy here. My bedroom is beautiful, the best of the lot."* – COFTON PARK MANOR RESIDENT

*"I have had such a wonderful time since moving into Cofton Park Manor Care Home. All the staff have been so friendly and supportive. We have moved in together, my wife and I, and it has helped me to make sure my wife is cared for while I have chemo. I was worried about what would happen to her. Now I have peace of mind and am very happy. It is so lovely to have our meals prepared and our room is just beautiful. Thank you."* – RESIDENT OF COFTON PARK MANOR

## Dining & Nutrition

Variety is the spice of life and our resident chef ensures that we serve a wide range of meals catering for every taste and diet. Our carefully planned menus offer well balanced wholesome meals, where traditional dishes feature alongside international cuisine and include varied seasonal options, every day of the week.

We know that being able to sit down together with friends and family to enjoy a nutritious homecooked meal is the foundation of a happy and vibrant home life. So that's why our team members are committed to making every mealtime an enjoyable experience for all our residents. Friends and family are welcome to join and dine with us for a small extra charge.

We regularly adapt our menus to suit food preferences and changing nutritional requirements. As part of our personalised care package we work together with our residents and/or their families, for nutritional profiling and meal planning to ensure they are always well-hydrated and well-nourished.

## Wellbeing & Lifestyle

Happiness and harmony are at the heart of our home life and we have a designated Wellbeing Coach to ensure that we create a nurturing and stimulating environment for everyone, residents and staff alike.

We advocate activities that promote physical and mental wellbeing, but we don't believe in waiting for an Activities Coordinator to organise them. Our Homemakers support our residents to continue with their hobbies or pursue new leisure activities, when they want to and not as part of a set timetable.

*"I can't praise enough. We've been welcomed with open arms. It's such a relief knowing my mum is being well cared for. It's a real luxury home but has a homely feel. All the staff are so warm, friendly, kind, compassionate and good fun. The rooms are lovely, spacious and really homely. The food is delicious and it doesn't feel like a care home, more like a luxury hotel. It's a lovely place to spend time with residents and visitors who are all made to feel really welcome. From the first time we walked through the door, we got 'that feeling' and knew it was the right place. From my mum saying to me please don't put me in a home to book me a room here! It's so nice to see her happy, relaxed and smiling. Thank you to all the staff."* – DAUGHTER OF A COFTON PARK MANOR RESIDENT

*“From the initial viewing of the home, it quickly became clear this was a very high-quality development with a fresh care approach. The premises are like a 5-star hotel.”* — SON OF A HAMBERLEY CARE HOME RESIDENT
