Specialist neurocare & rehabilitation in Plymouth

## Ernstell House Neurocare

### Complex care and neurorehabilitation for adults

Providing specialist neurocare and neurorehabilitation with a focus on reablement and independence, Ernstell House Neurocare welcomes residents with a range of neurological conditions and symptoms, including:

- Neurodegenerative (Progressive) Conditions, including Motor Neurone Disease, Multiple Sclerosis, Huntington's Disease, brain tumours and Parkinson's disease.
- Traumatic and acquired brain injury and stroke.
- Early-onset Dementias, including Pick's disease, Frontotemporal Dementia and Korsakoff's Syndrome.
- Cognitive, behavioural and emotional difficulties.
- Neuro-palliative / End of life care for people with a neurological diagnosis.

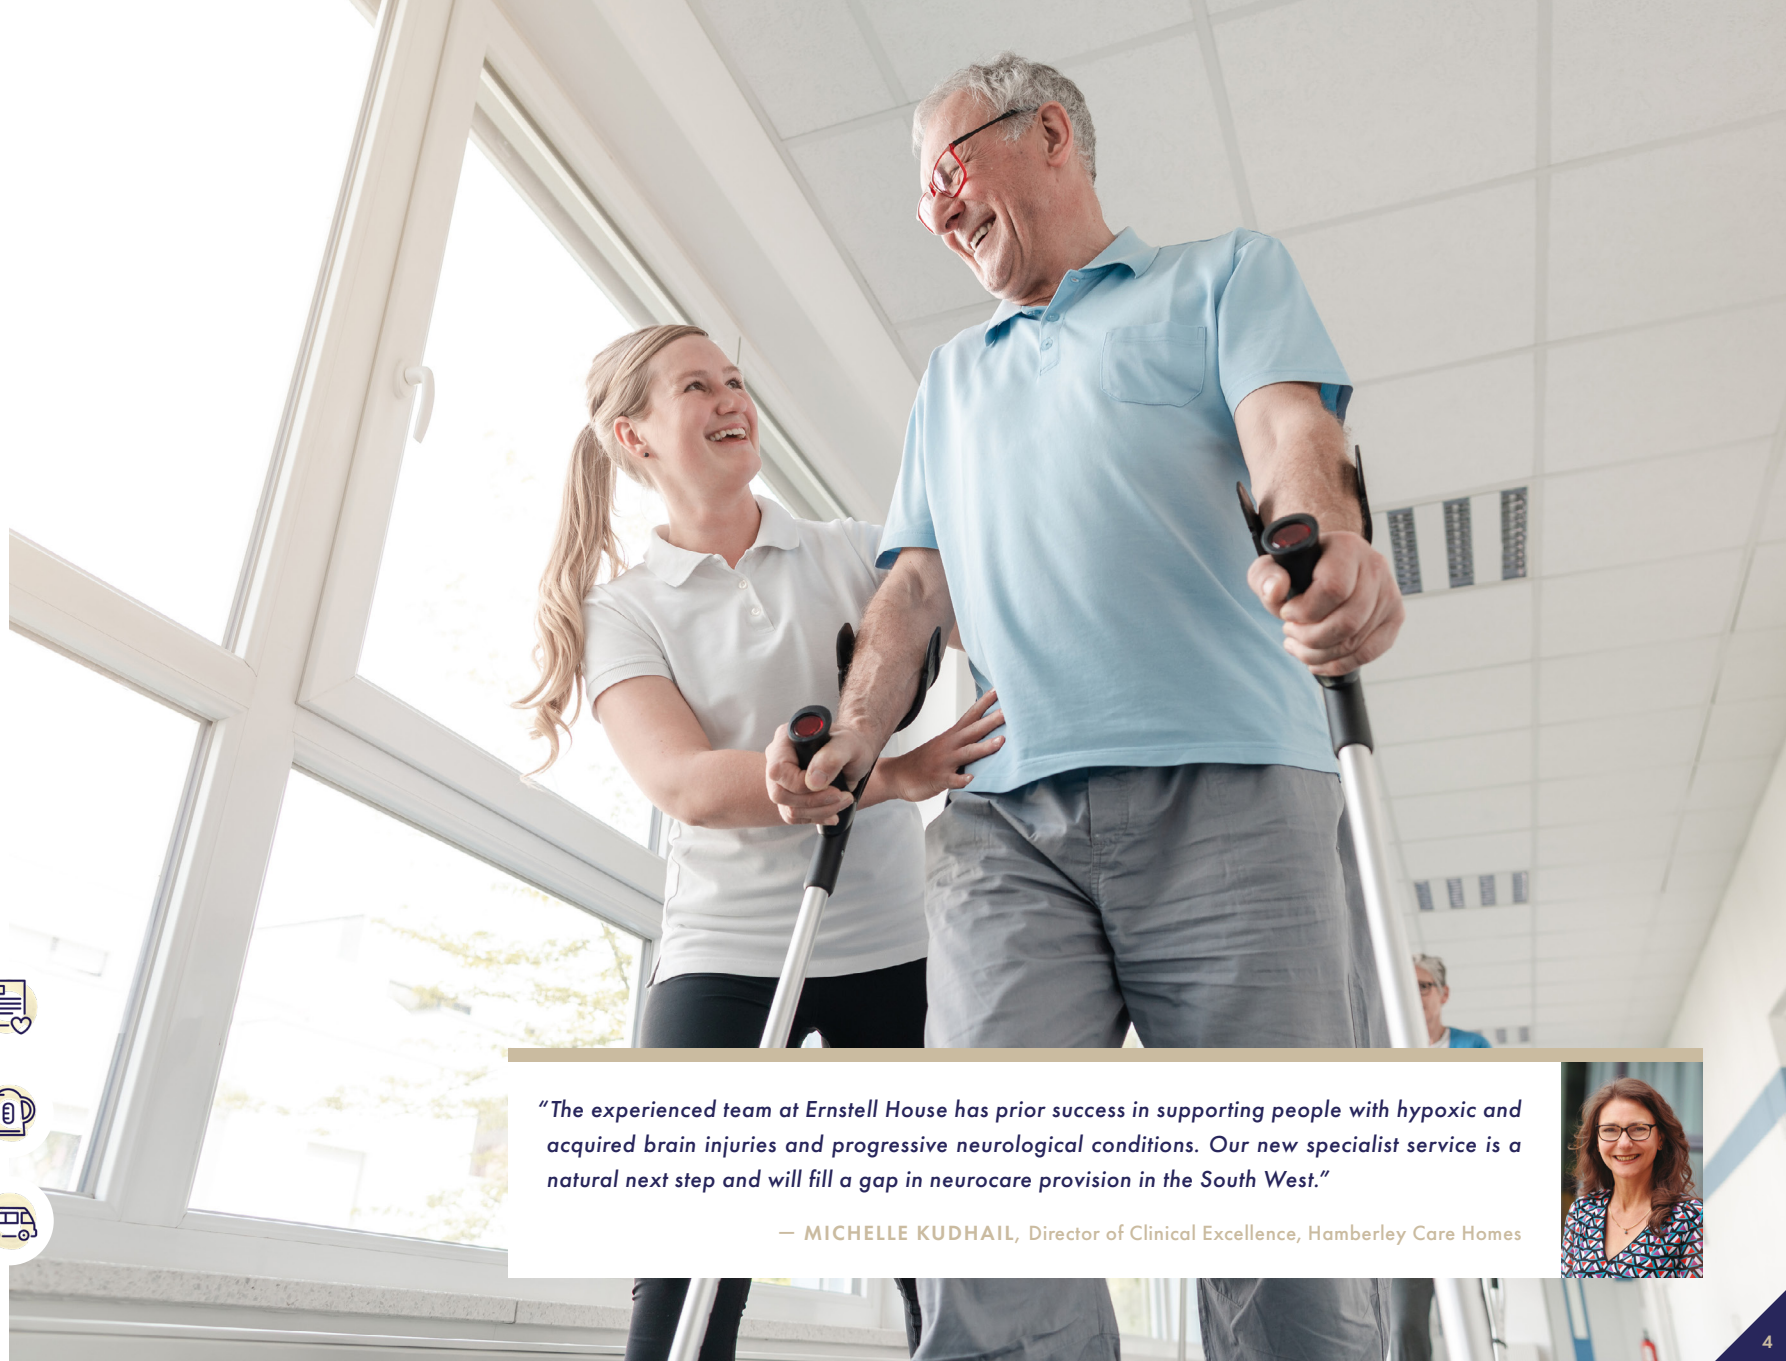

## Specialist neurocare & rehabilitation

Dedicated to providing specialist long-term complex care and therapeutic treatments for people living with a range of neurological conditions and symptoms, at Ernstell House Neurocare, we enable residents to live with as much independence as possible.

The 16-bed neurocare suite elegantly combines style and function to create an environment of comfort, possibility, and potential.

We enable people with complex neurological needs to achieve good outcomes and enjoy full and happy lives through a combination of specialist nursing care and therapeutic interventions from our physiotherapist, Wellbeing and Lifestyle coaches, carers and expert independent neurological specialists including occupational therapists.

*"The experienced team at Ernstell House has prior success in supporting people with hypoxic and acquired brain injuries and progressive neurological conditions. Our new specialist service is a natural next step and will fill a gap in neurocare provision in the South West."*

— MICHELLE KUDHAIL, Director of Clinical Excellence, Hamberley Care Homes
