Our Approach

We believe it's the people that make a loving home.

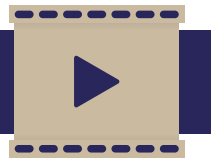

That's why our carers are so much more, they are Homemakers. Our award-winning Homemakers not only provide the highest quality of care, but they focus on the tiny details that make each day special for every resident.

From always keeping things clean and tidy, to offering support with hobbies and interests, our Homemakers ensure that Rosewood House is a luxury care home with a heart.

Our personalised approach to care means that we cater for all of our residents' unique needs, providing as little or as much support as they require.

"I am very pleased with the standard of care my mother is receiving. Staff take her individual needs and preferences into account and she is treated with kindness and dignity. In particular, she is benefiting from the specialist neurological care the home is able to provide. My mother enjoys going out into the garden and she has a view over the garden and park from her window which she likes." — DAUGHTER OF A ROSEWOOD HOUSE RESIDENT

"Rosewood House is a luxurious and beautiful place to stay. The manager is very personable and approachable and cares. The staff that look after my mum go above and beyond their job role. The cleanliness in the home really stands out for me. I would recommend this home to anyone. My mum is very happy and well looked after, and this is all we can wish for our loved ones." – DAUGHTER OF A ROSEWOOD HOUSE RESIDENT

Dining & Nutrition

Variety is the spice of life and our resident chef ensures that we serve a wide range of meals catering for every taste and diet. Our carefully planned menus offer well balanced wholesome meals, where traditional dishes feature alongside international cuisine and include varied seasonal options, every day of the week.

We know that being able to sit down together with friends and family to enjoy a nutritious homecooked meal is the foundation of a happy and vibrant home life. So that's why our team members are committed to making every mealtime an enjoyable experience for all our residents. Friends and family are welcome to join and dine with us for a small extra charge.

We regularly adapt our menus to suit food preferences and changing nutritional requirements. As part of our personalised care package we work together with our residents and/or their families, for nutritional profiling and meal planning to ensure they are always well-hydrated and well-nourished.

Wellbeing & Lifestyle

Happiness and harmony are at the heart of our home life and we have a designated Wellbeing & Lifestyle Coach to ensure that we create a nurturing and stimulating environment for everyone, residents and staff alike.

We advocate activities that promote physical and mental wellbeing, but we don't believe in waiting for an Activities Coordinator to organise them. Our Homemakers support our residents to continue with their hobbies or pursue new leisure activities, when they want to and not as part of a set timetable.

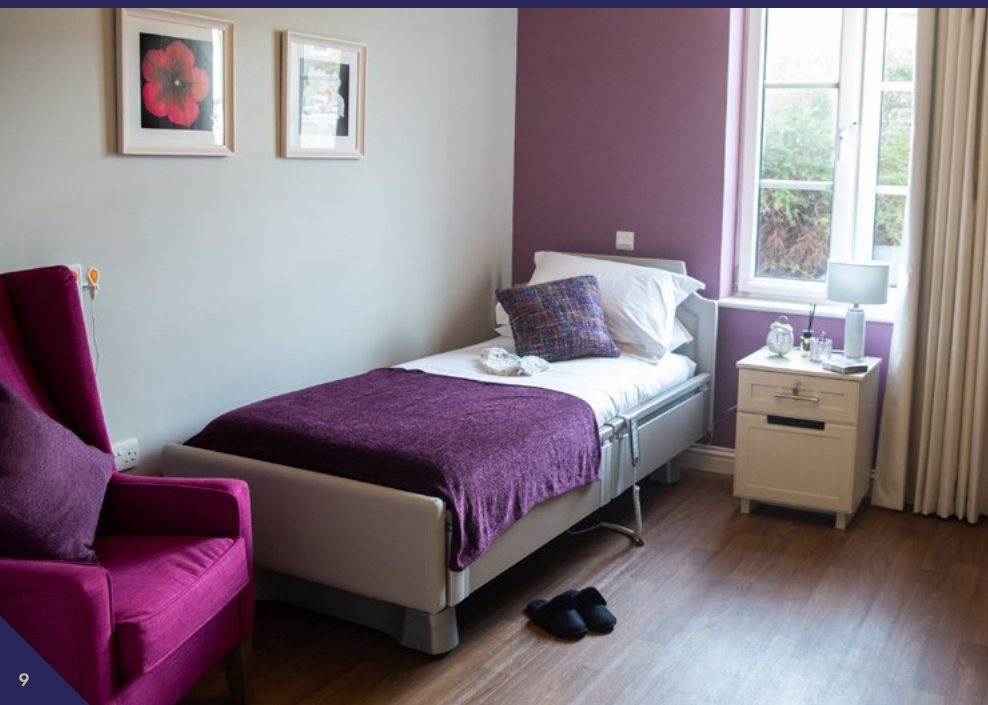

"My dad came here for respite care. The management team and the staff were very supportive throughout the process. All the team were efficient and professional. When Dad does go into full-time care, I would like him to go here."

— DAUGHTER OF A ROSEWOOD HOUSE RESIDENT

"From the initial viewing of the home, it quickly became clear this was a very high-quality development with a fresh care approach. The premises are like a 5-star hotel." — SON OF A HAMBERLEY CARE HOME RESIDENT
