Our Approach

We believe it's the people that make a loving home.

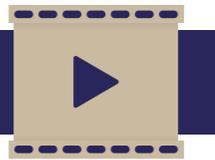

That's why our carers are so much more, they are Homemakers. Our award-winning Homemakers not only provide the highest quality of care, but they focus on the tiny details that make each day special for every resident.

From always keeping things clean and tidy, to offering support with hobbies and interests, our Homemakers ensure that Caddington Grove is a luxury care home with a heart.

Our personalised approach to care means that we cater for all of our residents' unique needs, providing as little or as much support as they require.

Dining & Nutrition

Variety is the spice of life and our resident chef ensures that we serve a wide range of meals catering for every taste and diet. Our carefully planned menus offer well balanced wholesome meals, where traditional dishes feature alongside international cuisine and include varied seasonal options, every day of the week.

We know that being able to sit down together with friends and family to enjoy a nutritious homecooked meal is the foundation of a happy and vibrant home life. So that's why our team members are committed to making every meal time an enjoyable experience for all our residents. Friends and family are welcome to join and dine with us for a small extra charge.

We regularly adapt our menus to suit food preferences and changing nutritional requirements. As part of our personalised care package we work together with our residents and/or their families, for nutritional profiling and meal planning to ensure they are always well-hydrated and well-nourished.

"Mum talks about the staff with such love and affection. She has her own belongings in her lovely room, pictures up on the wall and ornaments dotted around. Sometimes it's hard to get to talk to Mum on the phone because she is either at the cinema, afternoon tea or other activity. As a family, we are relaxed knowing Mum is safe and enjoying her new home." – DAUGHTER OF A CADDINGTON GROVE RESIDENT

Wellbeing & Lifestyle

Happiness and harmony are at the heart of our home life and we have a designated Wellbeing Coach to ensure that we create a nurturing and stimulating environment for everyone, residents and staff alike.

We advocate activities that promote physical and mental wellbeing, but we don't believe in waiting for an Activities Coordinator to organise them. Our Homemakers support our residents to continue with their hobbies or pursue new leisure activities, when they want to and not as part of a set timetable.

"My aunt and uncle have both been treated with great dignity, kindness and the care has been second to none. I live over 150 miles away and they have no close support other than the staff. My mind has been completely put at rest with the care given and the professionalism shown towards their individual needs and requirements." – NIECE OF AN CADDINGTON GROVE RESIDENT

"From the initial viewing of the home, it quickly became clear this was a very high-quality development with a fresh care approach. The premises are like a 5-star hotel." — SON OF A HAMBERLEY CARE HOME RESIDENT
