VERWOOD HOUSE

A luxury care home with a heart

"We were totally reassured by the care, kindness and support given to Mum at Verwood House. We knew she was safe and well looked after by all the staff. As a family, we valued the regular communication with the home, responding to our frequent enquiries about how Mum was and sharing with us the detail of her progress. We are grateful to all the staff we had contact with, from reception to those providing the daily care and nursing support - for Mum and the family, Verwood House was definitely the right choice." – DAUGHTER OF A VERWOOD HOUSE RESIDENT

Our Approach

We believe it's the people that make a loving home.

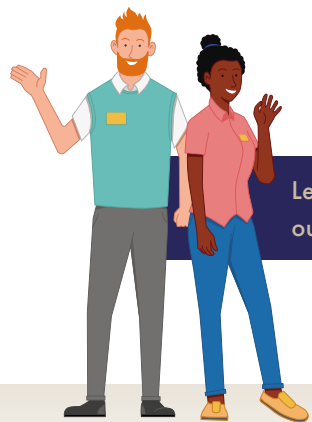

That's why our carers are so much more, they are Homemakers. Our award-winning Homemakers not only provide the highest quality of care, but they focus on the tiny details that make each day special for every resident.

From always keeping things clean and tidy, to offering support with hobbies and interests, our Homemakers ensure that Verwood House is a luxury care home with a heart.

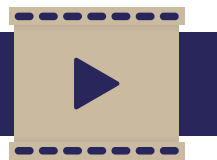

Our personalised approach to care means that we cater for all of our residents' unique needs, providing as little or as much support as they require.

"Placing Dad into the care of others was a worrying time, but there was no need as he settled in really well and loved all the activities. The care he received was the best. We, as a family, were kept informed with everything, for that we were so grateful. The reception ladies were always very welcoming and not forgetting the catering staff, the food always looked amazing. So if you're looking for a really good care home, look no further." — DAUGHTER OF A VERWOOD HOUSE RESIDENT

Dining & Nutrition

Variety is the spice of life and our resident chef ensures that we serve a wide range of meals catering for every taste and diet. Our carefully planned menus offer well balanced wholesome meals, where traditional dishes feature alongside international cuisine and include varied seasonal options, every day of the week.

We know that being able to sit down together with friends and family to enjoy a nutritious homecooked meal is the foundation of a happy and vibrant home life. So that’s why our team members are committed to making every meal time an enjoyable experience for all our residents. Friends and family are welcome to join and dine with us for a small extra charge.

We regularly adapt our menus to suit food preferences and changing nutritional requirements. As part of our personalised care package we work together with our residents and/or their families, for nutritional profiling and meal planning to ensure they are always well-hydrated and well-nourished.

Wellbeing & Lifestyle

Happiness and harmony are at the heart of our home life and we have a designated Wellbeing Coach to ensure that we create a nurturing and stimulating environment for everyone, residents and staff alike.

We advocate activities that promote physical and mental wellbeing, but we don't believe in waiting for an Activities Coordinator to organise them. Our Homemakers support our residents to continue with their hobbies or pursue new leisure activities, when they want to and not as part of a set timetable.

"Lovely, welcoming team at Verwood House. I am always kept informed about Mum's care. Mum has been treated with dignity and respect and supported to join in with all of the many activities. The manager is always friendly and welcoming and knows all of the residents and families." – SON OF A VERWOOD HOUSE RESIDENT

Whatever you need to live the life that you want, you'll find it at Verwood House.
